

## RECTO PUMP 6554

Efficient cleaning in proctoscopy and rectoscopy

Powerful pump with "boost" function • Quiet running with automatic "standby" function • Reusable large-lumen suction irrigation pistol

# RECTO PUMP 6554

Rectum suction and irrigation system  
for efficient cleansing of the rectum in proctoscopy and rectoscopy

Large, separate suction and irrigation channel

- ❑ Powerful pump system with "boost" function for brief activation of maximum device capacity, for example for clearing blockages in the suction-irrigation tube

- ❑ Particularly suitable when removing larger amounts of stools, for example when elimination was not possible in incontinent patients
- ❑ Large-lumen reusable suction irrigation pistol in combination with disposable tube set for economic use
- ❑ 390 mm working length for relaxed working. Also suitable for long rectoscopes (WL 300 mm)
- ❑ Reduced noise with automatic standby function

- ❑ Individual settings with modern micro-processor technology
- ❑ Hygienic control of functions with foot-switch - both hands remain in the operating field
- ❑ Automatic shutdown at maximum container level - display indicates in advance when a container needs to be changed
- ❑ Both disposable bags and autoclavable containers can be used

## RECTO PUMP 6554 Set

100 - 240 V a.c., 50 - 60 Hz  
consisting of:

Rectum suction and irrigation device (6554.001), suction and irrigation gun, reusable, autoclavable (8554001), suction and irrigation tubing set, disposable sterile, pack of 10 (455411), sound suppressor (pack of 3) (35100.115), power cable (2440.03), water storage container (6553.21), lid (8553.211), connecting tube (8170.6554), footswitch (2030.231), bottle holders (64031.343) and disposable bacteria filter (pack of 10) (6554.010) .....6554.0011

### Technical Data:

Power supply: 100 - 240 V a.c., 50/60 Hz  
Power consumption: .....140 VA  
Noise generation: .....max. 59 dB(A)  
Weight (device): .....8.5 kg  
Dimensions (WxHxD): ..320x150x430 mm  
Space required with bottle holder (WxHxD): 670x440x470 mm  
Negative pressure range: .....max. -0.8 bar  
Irrigation range: .....max. 1 l/min

### Disposable:

#### Suction irrigation tube set

sterile, disposable,  
pack of 10 .....455411

#### Secretion container 2 litres,

not autoclavable, with lid, for disposable secretion bags, incl. 25 secretion bags (4170.6563) .....4170.656

Angle piece, pack of 10 .....4170.6553

## Additional accessories:

### Bacterial filter,

disposable, pack of 10 .....6554.010

### Unit trolley

560 x 560 x 800 mm, 4 antistatic wheels, 2 with brake, with holder for footswitch .....31115.001

### Container with lid

and holder for unit trolley .....31115.002

Handle for unit trolley .....31115.003

## Necessary accessories:

### Reusable:

#### Suction irrigation pistol

ø 10.3 mm, WL 390 mm .....8554001

#### Secretion container 2 litres

with lid, autoclavable .....8170.655

31115.002

31115.001
